

Community Life Church

2024 Mid Year Impact Report

Greetings, Community Life Family!

After 2,000 years, the simple message of loving God and loving our neighbor is still the driving force behind the people of God. At Community Life Church, we hope to continue this mission with our specific emphasis on Connecting People to Jesus.

Since the beginning of this year, God has allowed us to be a part of some of the most incredible, life-changing moments. People of all ages are responding to the Gospel message and we are facilitating connection to Jesus on a whole new level. The generosity of our church has allowed us to expand our ministry and upgrade our space. These renovations will allow us to maximize our use of technology to share the Gospel and open the door to new innovative ways to reach our community.

The months ahead will be exciting. Our belief that this is a year of transformation continues, meaning God has work to do in our hearts. I pray that you are willing to allow God to mold and shape you for his glory. There is no question that if we allow God to transform us, we will find ourselves prepared for the challenges that are ahead.

We love you and look forward to an incredible rest of the year.

Lead Pastor, Scott Veroneau

**We love God, love our Neighbor,
and connect people to Jesus**
